Width	115 mm
Length	226 mm
Volume	3.4 dm ³
Net weight	426 g
Gross weight	434 g

Transport unit

EAN	7322540544725
Pieces	3000
Consumer units	15
Material	Carton
Height	250 mm
Width	406 mm
Length	596 mm
Volume	60.5 dm ³
Net weight	6.39 kg
Gross weight	7.13 kg

Tork Extra Soft Singlefold Hand Towel

Colour: White

Environmental

Content

Virgin pulp fibres

Chemicals

Material

Virgin fibre

Virgin pulp fibres are produced out of softwood or hardwood. The process is either sulphite or sulphate delignification, meaning that e.g. lignins and resins are removed from cellulosic material.

Bleaching of fibres

Bleaching is a cleaning process of the fibres and the aim is to achieve a bright pulp, but also to get a certain purity of the fibre in order to achieve the demands for hygiene products and in some cases to meet the requirements for food safety.

There are different methods used today for bleaching: ECF (elementary chlorine free), where chlorine dioxide is used, and TCF (totally chlorine free), where ozone, oxygen and hydrogen peroxide are used.

Chemicals

The chemicals used in the process as well as the functional chemicals are assessed from an environmental, occupational health and safety and product safety point of view .

The used functional chemicals are:

Wetstrength agent

Dry strength agent

Dye = if coloured

Fixing agents

Glue = if used

The process chemicals are:

Antipitch

Protection agent

Yankee coating

Defoamer

Dispersing agents and surfactants

Tork Extra Soft Singlefold Hand Towel

Colour: White

pH and charge control

Retention aids

Broke treatment chemicals

Drainage aid

Packaging

Fulfilment of Packaging and Packaging Waste Directive (94/62/EC): Yes

Food Contact

This product fulfils the legislative requirements for Food Contact materials, confirmed by external certification performed by a third party. The product is safe for wiping food contact surfaces and may also come occasionally into contact with foodstuffs for a short period of time.

Environmental label = EU Ecolabel

This product is certified according to FSC.

Date of issue 2013-09-18

Revision date 2014-05-26

SCA Hygiene Products AB, 405 03 Göteborg, Sweden

Production

Material produced and converted at Kostheim mill, Germany, certified according to ISO 9001:2000, ISO 14001 and EMAS

Destruction

This product is mainly used for personal hygiene and can be collected together with household waste.
